PLANKS & TILES

NICE AND EASY
ENG | 2020

YOUR STYLE, YOUR FLOOR, YOUR HOME

Just like you, we love beautiful interiors and floors that almost unnoticeably create that warm feeling of home. The moment when you pour a delicious drink, put on your favourite playlist and enjoy the good life with friends, family or children. That is living as it should be: pure, beautiful and carefree with a Floorify floor tailored to your home and your life.

At home you highlight your personality. Whether you are playful, enthusiastic or serene: your interior reflects that. Which is precisely why we are proud to present our collection of Floorify floors. Because they are so versatile, can take more than a knock or two and combine the unique charm of wood, concrete or natural stone with unparalleled ease of use. This is the best of many worlds. We are convinced of that already, and now it's your turn. Discover it for yourself.

F100

NATURAL BEAUTY, RIGHT DOWN TO THE DETAILS

Warm colours, authentic grooves and the unique appearance of wood give your Floorify floor that natural look and feel that is so appealing.

The exceptional character of wood is reflected in many small details: the soft shine of an oiled floor, a subtle edge finish, natural plank variation and a natural, brushed texture that is always soft and warm to the touch. Each plank is finished to perfection. Because true beauty lies in the details.

YOU FEEL WHAT YOU SEE

Lovely, that rough softness of brushed parquet. You can see the grain and the knots in the mild morning sun. And you can feel them, when you go to get that first cup of coffee of the day in your bare feet. Floorify gives you the exact same experience. **An authentic look and feel.**

F100

SHINE WITHOUT GLOSS

In the pre-Floorify era, vinyl floors by definition had an unnatural appearance. Floorify resolutely eliminates this. Our click floors have a **matt finish** for a natural look.

XL PLANKS

pp. 32 - 33

TIP

Choose a floor with a natural look

The ultimate variation in the planks ensures that Floorify floors always look very natural.

LARGE IN SIZE

The grandeur of wide planks, the classic elegance of a herringbone floor, big tiles in concrete look for a subtle industrial touch,... Floorify has **no standard sizes**. We create each product in a way that it fits perfectly into your interior.

BIGGER AND MORE DARING

Extra long, extra wide and a particularly natural effect. Meet the **XL planks** (no less than 2m long!) and **big tiles** of Floorify. **Unusually large sizes** for a maximum experience of each room. Their exceptional dimensions ensure that every chamber looks more spacious.

VARIATION IS KEY

In nature, you rarely find repetition or set patterns. Playfulness and variety abound. That is why our floors have **many different planks**. And that provides a very natural look.

NEW! HERRINGBONE

pp. 30 - 31

BIG TILES

pp. 36 - 37

THE STRONGEST AT HOME

Having fun is the essence of life. And that accidents happen sometimes, is something you will gladly put up with. This is exactly why our floors are extremely **shock and stain resistant**. With an **extra thick protective layer**, an innovative top layer with anti-stain technology and the unique Floorify Rigid Core for a **stable, strong and shockproof core**.

Why? Because life's a party. Because as a parent you don't want to have to worry about your children playing. Because a kitchen mishap is not a disaster.

LIKE A FISH IN WATER

Floorify floors are **water resistant**. Not just a bit, completely. Let your living space, bathroom and bedroom seamlessly merge into one another: Floorify is at home everywhere.

The ease of use and versatility you get for free. Both for the water splashes from the shower and that spilled gin and tonic.

SO COM-FORTABLE

IT MAKES YOU SPEECHLESS

Bring your home to life with people and music, and discover the ultimate in floor comfort. The smart combination of the **sound-absorbing Floorify floor** and Comfort underlay creates a wonderfully **soft floor surface** and an **acoustic layer**.

The result? A warm floor that always feels cosy and absorbs more than 21 decibels. This means you can enjoy the silence at any time, even when your teenage daughter is practising her latest dance moves.

WALKING SOUND

THE SECRET OF FLOORIFY

SLEEK LOOK

With most click floors, you have to install transition profiles at regular intervals, certainly when transitioning between different rooms. This is not necessary with Floorify: our floors are **extremely stable and retain their shape**. This allows you to install up to **20x20m profile-free**. The result: a modern and sleek floor surface that creates tranquillity and gives a wonderful feeling of space.

HELLO SUNSHINE

Because our tiles and planks are so stable, you can also place them **in direct sunlight without any problems**. Let the sun shine as much as it likes!

TIME FOR A PARTY

Whatever you have to celebrate: know that your Floorify floor is there at any time for you and your family. Whether you want to parade around with your latest stiletto heels or organise a birthday party: **your floor won't let you down**. That's a promise.

MILLIMETRES FULL OF POSSIBILITIES

Floorify floors are made up of 4 layers:

1. **Stain resistant & maintenance-friendly matte PU top layer. Guarantees superior stain resistance and protects the floor against penetrating dirt.**
2. **Extra thick transparent wear layer (0.55mm)**
3. **Authentic design in high resolution**
4. **Waterproof and sound-absorbing Floorify Rigid Core – patented technology**

ON ALMOST ANY SURFACE, WITHOUT PREPARATION

An existing floor or small irregularities? Just install Floorify **on top of it**. Even those ugly old tiles can stay there.

A PERFECT MATCH FOR YOUR UNDERFLOOR HEATING

Floorify floors are thin. Very thin. That means they **conduct heat very well**. You can therefore combine them perfectly with underfloor heating or cooling. And as an extra plus: thanks to the minimal height you can easily keep your existing doors. If you are planning a renovation, that's a nice bonus.

You can find our detailed installation instructions at www.floorify.com.

THE FOUNDERS

"For years, we designed and sold floors on behalf of others but we both knew it could be done better and more beautiful. That's when you decide to just do it yourself."

That's right, with 25 years of experience in flooring and interior design, Marie Callens and Pieter Buyck knew exactly where they stand. On Floorify, of course.

"The mum in me thinks practically: my floor must withstand my little tearaways. Not for just a bit, but for a long time."

THE REVOLUTION OF RIGID VINYL

By innovating with rigid vinyl planks and tiles, Pieter and Marie combine the best of two worlds: the warmth of natural materials with absolute ease of use. "Floorify actually goes one step further, because our planks and tiles are waterproof and as robust as possible. Looks and comfort in one."

FOR INTERIOR LOVERS AND PARENTS

More beautiful, easier and more robust. These words are the essence of Floorify. "The fashion addict in me is crazy about having a natural wood floor in the house. The mum in me thinks mainly about practical issues. Pudding on the floor, cutting and pasting on a huge craft work for which the table is too small, painting talents that are not limited to paper: my floor must be kidproof. Not for just a bit, but for a long time." Enter Floorify.

"Floorify combines the best of both worlds: the warmth of natural materials with absolute ease of use. Including extra strength and water resistance."

"Developing your own revolutionary product: it doesn't get better than that. We've done that with Floorify."

GETTING A BUZZ FROM INNOVATION

Marie's eye for design goes hand in hand with Pieter's technical knowledge. Ask him about the density and tensile strength of Floorify and his smile appears spontaneously. "I get a buzz from materials and possibilities. Thanks to the unique rigid core and the innovative production process, with Floorify we solve all the traditional problems of click vinyl and laminate in one go. Now that's cool."

Floorify is silent, warm, waterproof and easy to lay on just about any surface. Even without preparation. "You only get the chance to launch such a revolutionary product once in your life. That's why Floorify is such a fantastic project."

BELGIAN DESIGN

Floorify is Belgian design through and through. Whichever Floorify floor you choose: as the stylist, Marie single-handedly took care of the design of the special format and the detailed design. "I let myself be inspired by everything I see and experience. From attractive interiors to impressive architecture. Are warm colours and robust materials in fashion? Then we translate that trend into a contemporary and maintenance-friendly Floorify floor. A floor that matches your home. A floor that allows you to live. And spill things. And dance. And put muddy feet on."

BEFORE AND AFTER

FROM A COLD TILES TO A COSY COCOON
THANKS TO FLOORIFY

FLOORIFIED!

Who? Simon (27), Sarah (24) and daughter Maud (18 months)

What? Renovation of a semi-detached property in Lovendegem, Belgium.

Situation? Sarah and Simon are moving from their apartment to a large house with a garden, where their daughter will have her own cosy room.

New floor? Floorify!

Living room and bathroom: F100 Seychelles
Dining room and hall: F023 Verona

TIP

Floorify can be placed on top of the existing tile floor

No crushing, no dust, no hassle. Just place a new floor on top of the old one. Floorify planks and tiles just click together like laminate planks do. You place them floating (on the Floorify Comfort Underlay) and do not have to glue them. You simply cut them to size with a knife!

FLOORIFY ADVANTAGES ACCORDING TO SIMON & SARAH:

1 / It is the perfect floor for messy households

"In terms of maintenance, a parquet floor or natural stone floor simply does not suit us, as a family. In no time a plate of spaghetti sauce would end up on it, I know that I will never leave my high heels at the front door and our daughter would probably pour her cup of water over it every day. A parquet floor or natural stone floor is simply not suitable for the way we prefer to live: a bit messy, but carefree. Floorify is."

2 / The floor is water and mess-resistant

"We were able to install the Floorify floor without any problems in the dining room, but also in the entrance hall (wet, dirty feet: no problem), living room and bathroom. And under the high chair where our daughter deposits a daily impressionistic artwork made from beetroot purée, crumbs, water and soggy banana chunks. The floor was installed on our ground floor without profiles and thus creates a sense of space."

3 / Accidents are okay

"The top layer of Floorify floors is provided with a hyper-protective film through which, in addition to water, no stubborn stains such as permanent marker or nail polish can pass through. Simply wipe with a piece of cloth and it's gone. We know that, because we have already tested it once by accident. In addition, you can also drop a heavy object on it, without leaving a dent. Which is something we have already tested by accident"

Photos: ©Jonah Samyn

4 / It looks real

"Nobody realises that it is not actually a real parquet floor. The wood look is very convincing."

5 / It's easy to clean

"With the vacuum cleaner. With the mop. With some water, a cloth and a pH-neutral floor cleaner."

6 / Vinyl is quiet

"No orchestra of trampling children's feet or tapping high heels: Floorify is comfortable to walk on."

7 / ... and warm

"Because it immediately assumes the ambient temperature, Floorify always feels warm under your feet (not uncomfortably cold, like tiles or laminate)"

A TIMELESS EYE CATCHER

Love at first sight. Does that exist with floors? Oh yes! The youngest member of the Floorify family is the herringbone floor. The floor exudes the atmosphere of chic mansions. Floorify made a **playful and unique version** of it. Floorify also consciously opted for **individual planks** that you simply and quickly click into a beautiful herringbone floor. It gives your interior that little bit more allure.

BIG, BIGGER, BIGGEST

Use every inch of your space and make your home bigger with the XL planks by Floorify. These planks are **longer and wider than any standards**, for maximum experience of the area. Lovely, that feeling of space!

The seemingly endless visual lines make rooms look bigger. This way, every room comes into its own even more. The **subtle grooves, lifelike brushed textures and natural planks variation** enhance the authentic look of your Floorify floor.

PURE DOWN TO THE DETAILS

Floors inspired by small details, sophisticated designs and fine wood structures that perfectly match your lifestyle. Classic, rustic or rather progressive; you will discover a colour palette for your taste and style.

Each plank is the result of a quest for the ultimate balance between character, colour, shine and finish. A weathered look, a distinctive patina or rather Scandinavian streamline? Be inspired and make a choice to suit you.

FOR A SLEEK LOOK

60 by 90 cm. The extra large size makes joints **virtually invisible** and **installation extra quick and easy**. The format also responds to the interior trend of the moment: seamless surfaces with a very **natural effect**. The tiles have the same appearance as concrete or natural stone without the disadvantages. For example, Floorify tiles are **stain resistant**, there is **no risk of cracking or tearing** and the floor is **easy to install** without extensive preparation. In addition, you do not have to take drying times into account: your Floorify floor is **immediately accessible!**

HOW TO INSTALL?

QUICK AND SIMPLE!

F100

SILENT AND DUST-FREE INSTALLATION

Ideal for installation in apartments or for a renovation of an existing home. Simply cut your Floorify floor with a utility knife. No-one is bothered by noise or dust.

CLICK-AND-GO

You can lay your Floorify floor in 1-2-... no, you don't even need 3. Just roll out the underlay, click and go. Goodbye parquet glue, hello Floorify.

SMART ACCESSORIES FOR A GRAND INTERIOR

PATENTED TECHNOLOGY

VERSATILE SKIRTINGS

The perfect match for your perfect floor: skirtings that are as wear and waterproof as your Floorify floor. And with exactly the same finish and colour.

DURABLE ON ALL FRONTS

100% SAFE

Floorify contains **no harmful substances:**

A+ certification

A series of strict quality tests resulted in an A+ certificate in terms of indoor air quality.

Plasticizer-free core

Plasticizers are chemical substances used in the production of flexible vinyl floors. Because the core of a Floorify floor is rigid, it does not contain any plasticizers.

REACH compliant

Floorify effortlessly complies with all European directives (REACH) regarding the use of hazardous substances.

TVOC < 10 µg

Floorify contains no glue and should not be glued either. So no worries about harmful VOCs. With <10 µg, Floorify is 100x better than the European standard.

100% RECYCLABLE

Floorify is **installed floating**. Without glue, so it's easy to remove.

Floorify is a **homogeneous product**. It does not consist of different materials, so it's easy to recycle.

Floorify meets all the conditions of the **circular economy**.

LONG-TERM USE

Floorify stands for **sustainable use of high-quality plastics**.

The lifespan of a Floorify rigid vinyl floor is particularly long: we even offer a warranty up to 25 years!

Longer than:

plastics used in disposable products such as plastic bags or straws,

plastics used in "sustainable" applications such as cars or smartphones.

TECHNICAL DATA SHEET

PRODUCT DATA

		PLANKS		PLANKS	
Width	ISO24337	178 mm	Total thickness	ISO24337	4 mm
Length	ISO24337	1219 mm	Top layer thickness	EN429	0,4 mm
Number of panels per pack		12 pc	Core	Sound reducing, robust and waterproof Floorify® Rigid Core	
m ² per pack		2,60 m ²	Finish	Protected with stain resistant Floorify® Quiet Sense Technology	
Weight per pack	ISO23997	19,9 kg	Locking method	Traditional glueless click under license of Unilin	

WARRANTY

	Usage class	ISO10582	32
	CE	EN14041	DoP FF001
	Warranty	Residential use	20 years

TECHNICAL DATA

		NORM REQUIREMENTS	FLOORIFY® VALUES
	Wear resistance	EN13329, Annex E	≥ 1200 cycles
	Impact resistance	EN13329	≥ 1200mm
	Residual indentation	ISO24343-1	≤ 0,2mm
	Stain resistance	EN423	Groups 1 and 2: grade 5; Group 3: grade 4
	UV resistance	ISO 105-B02:1994, Method 3a	6 minimum
	Fire classification	EN 13501-1 ISO 9239-1	Bfl-s1
	Dimensional stability	EN ISO23999 6 hours at 80°C	≤ 0,25%
	Locking strength	ISO24334	Long side: > 1kN/m Short side: > 1,5kN/m
	Displacement of furniture feet	EN424	No visual damage
	Castor chairs	EN425	> 25000 cycles: No delamination, no disturbance
	Slip resistance	EN13893 DIN 51130:2014	DS R10
	Swelling	ISO24336	< 18%
	Thermal resistance (floor + underlay)	EN12667	< 0,15R(m ² K/W)
	Floor heating	Appropriate for all standard heating systems IN cement flooring. NOT appropriate for heating films.	
	Impact sound improvement	ISO712	ΔLw18Db
	Formaldehyde emission	EN14041	E1

TIP

Choosing a floor is not only done with your mind. You must be able to see, feel and experience for yourself the effect of each design and finish. Rely on our experts, who are happy to make their expertise available to help you. **Find an expert in your neighbourhood at www.floorify.com**

FLOORIFY WARRANTY

In addition to the legal guarantee, Floorify offers an additional extended warranty for customers who register their products in our warranty database. Registration entitles customers to the following warranty:

HERRINGBONE, XL PLANKS, LONG PLANKS, BIG TILES | 4,5MM THICKNESS - CL33
25 years warranty for residential use, 5 years warranty for commercial use.

PLANKS | 4MM THICKNESS - CL32
20 years for residential use.

This warranty is limited and is restricted to the warranty terms and conditions as found at www.floorify.com

In order to invoke the extended warranty, registration is required. This can be done quite easily in one of the following ways:

1. Complete the online registration form on www.floorify.com under help/warranty registration
2. Or send an email to warranty@floorify.com with your name, a clearly legible photo of your proof of purchase (the date on the receipt is considered the starting date of the warranty period) and a legible photo of a box label of the installed floor (this gives us all the necessary information about the product).

Once the registration is completed, we will provide you with proof of the extended warranty.

Floorify NV, Kruisboommolenstraat 30A, B-8800 Roeselare, hello@floorify.com
