

Technical Datasheet - Safety Traffic Post

Product Description

Designed to warn, guide, and clearly demarcate. These robust, weather-resistant posts are built to withstand multiple impacts—even at high speeds—with minimal damage. Their sturdy base allows for secure installation with bolts on the road surface, ensuring long-term use and maximum safety.

Technical Specifications

Feature	Specification
Material	PU (Polyurethane)
Reflective Element	Sleeve or film
Total Height	750 mm
Post Diameter	80 mm
Base Diameter	205 mm
Reflective Film Height	50 mm
Weight	1.1 kg / 1.38 kg
